HELLO *and* WELCOME

We're so excited you're considering us for your photography. We know from personal experience all that wedding planning can be - good & bad, stressful and easy. We want you to know how truly honored we are that our name has made it this far on your list.

We've been photographing weddings together for over 7 years now-it feels hard to believe it's been that long! We've shot over 100 weddings, met with (at least) 100 couples, traveled up & down the east coast, mentored young photographers, & had the absolute time of our life doing it all.

We're excited to get to know you & our crossing our fingers we vibe & jive together so we can create so really cool stuff.

Matt & Melanie xx

OUR *Mission*

The little in-between moments? Those are the ones worth remembering. We don't want you to forget those because they're vital for living. The look you give your partner as you walk back up the aisle right after you both said "I do", or maybe its simply sharing your love for pizza as you sit across each-other at that favorite local spot you go to too often (or not nearly enough)- those magically ordinary things are what make life extraordinary & you deserve to have them to share with each-other & with future generations. Always.

We get that spilled coffee is NOT A JOKE, but that sometimes you can't take yourself too seriously. We're up for adventuring with you & telling your story because we realize the value & importance that your story matters. We love double dating & drinking coffee, or grabbing wine & a bite to eat with you (or all of the above). We get to know you before we have you get in front of the camera. Having that connection is so important when being able to tell your story through photographs.

Our Mission

OUR Story

We're Matt & Melanie-HEY! Living in our first house in Queenstown, MD (the cuuutest tiny town that looks straight out of a story book!), we spend our days working & our nights obsessing over our little furr babies-Olive & Willow.

We love drinking wine, beer, or mixing up a fun cocktail & playing games with our friends. We laugh a lot & tell corny jokes. Our style is definitely retro with lots of cozy & casual & little minimal. We listen to folk & indie music constantly whether we're on the road or in our house, Spotify is always on.

We fell in love at the young age of 18 & have been spending 24/7 together since. Our favorite days are when we can adventure to a new city or road-trip to a different state. We like to wander & try new coffee shops & cool restaurants. We like cuddling & watching tv.

We started photographing weddings 7+ years ago. While Melanie had grown up taking pictures & taking photography classes, Matt was studying audio engineering. We met, fell in love, & pursued photography together. It was one of the best decisions we ever made-falling in love & going into business together :)
